

ENVIRONMENTAL POLICY

The design, supply, installation, test, service and refurbishment of lifts

The company objective of Liftworks Limited is to provide effective environmental awareness and controls, seeking to continually improve all aspects of its environmental performance within its sphere of operation, as far as is reasonably practicable. It will ensure that this awareness and implementation, based on the principles of BS EN ISO 14001 and BS8555, is ingrained into the company culture and operations.

In order to achieve this objective, the company makes a commitment, while carrying out its activities, to place emphasis on the following key environmental issues:

- Protect and care for the environment, through continual review and improvement to working practices, relative to significant environmental aspects.
- Prevention of pollution through a continual improvement process.
- Encourage the use of energy, materials, products and services together with minimising and eliminating, pollution and waste.
- Comply with the requirements of environmental legislation and regulations.
- Apply health and safety considerations throughout all of our activities.
- Provide employees with awareness training in environmental policy, legislation and procedures.
- Establish shared environmental objectives with clients, consultants, suppliers and supply chain partners.
- Minimise the environmental impact of any company operation in conjunction with interested parties, clients, suppliers and supply chain partners in order to meet our objectives and targets.

The company will maintain and periodically review procedures for the assessment, management and reduction of the impact of its activities on the environment. These procedures will be communicated to all employees and, where required, to the clients of other interested parties.

All employees are required to ensure that environmental issues are carefully considered when making decisions in the design, planning, controlling and execution of any work which is the direct responsibility of the company.
